crowd the refrigerator and prepared and harrowed or The Clipper office.

Franchised Bottler: Pepsi-Cola Bottling Co., Luverne, Ala. stop proper air circulation. raked several times before 4. Use at least 10 pounds of commercial fertilizer on a row 100 feet long. 5. Plant on a firm seed bed-one that has been thoroughly prepared and packed by either a good rain or some packing implement. This is very important. In planting small seed, freshen the ground with a rake; sow the seed and walk

6. Plant after a good rain. Rainfall records for the past 20 years show that we have good rainfall in Coffee County in August up to the 15th and during the last week in September. Rainfall during the latter part of August and first part of September

7. Try vegetables such as: cabbage, carrots, squash, tomatoes and turnips. The average date of the first killing frost in Cotfee County, for a number of years, has been November 10. We therefore have approximately 90 growing days left before frost. Beans will mature in 60 to 75 days. Cabbage will mature in 90 days; carrots, 75 days; tomatoes, 60-70 days; squash, 50-65 days; turnips, 30-40

8. Remember the bugs. Derris will kill most of them if applied properly. Dust your turnips with Derris when the plants are 2 inches high. Try a light at night over a pan of water in which little kerosene has been poured, for the "green stink bug." 9. It is worth the effort to

THIS COMMUNITY HAS A

THIS COMMUNITY is on the spot! We are in a pulpwood growing section and there is now a pulpwood shortage. The country needs vast quantities of pulpwood for explosives, rayon parachutes, gas mask filters, shipping containers and a thousand other uses — yet some of the mills that make these things are actually shutting down

for lack of wood. This is a desperate situation a war emergency. Something

And only we who live in the pulpwood cutting areas can do

anything about it. This is OUR responsibility.

CHAIRMAN, NEWSPAPER PULPWOOD CAMPAIGN The Elba Clipper, Elba, Ala.

pledge myself to work at least 3 EXTRA days during the balance of 1943 cutting pulpwood. Please send me the campaign badge which this pledge entitles me to wear.

Name. Address

How the problem can be solved Mr. Donald M. Nelson, Chairman of the War Production Board, gave the key to the solution in the following statement:

"If every one of the more than 3,800,000 farmers in the 27 pulpwood producing states were to devote 3 EXTRA days in 1943 to cutting pulpwood, we could overcome the threatened 2,500,000 cord shortage with wood to spare."

must be done QUICKLY!

Will you enlist for 3 EXTRA days? If you are now cutting pulpwood part time; if you have cut it in the past; or if you have never cut it but know how to use an axe and saw, will you pledge 3 EXTRA days (at regular pay) to meet Mr. Nelson's challenge?

Fill in the coupon. Mail it to this newspaper and you will receive the pledge badge which identifies you as a Victory Pulpwood Cutter. This is a war emergency.

## THE ELBA CLIPPER

But the most cherished medal which Sergeant Lee has in his collection is the Distinguished Flying Cross, which was awarded to him in July. The citation reads: "For extraordinary achievement, while serving as Ra-dio Operator and Gunner on a Flying Fortress airplane on twenty-five bombardment on twenty-five bombardment and charge of funeral around offices in the city of Elabamissions over enemy occupied Continental Europe.

But the most cherished must be fully utilized before outside help can be obtained, we, the undersigned, do hereby recommend to the business men of Elba, Auburn, will be held Friday, and offices in the city of Elabamissions over enemy occupied Continental Europe.
